

VAToDo online invoice data reporting

Fast. Automated. Safe.

Pursuant to the regulations in force, in case invoices are issued with an invoicing program, it is obligatory, starting from 1 July 2018, to disclose data to Tax Authority on invoices issued between domestic taxpayers that contain output VAT of at least HUF 100,000. The data must be reported electronically, without human intervention, online, in a pre-defined structure and immediately once the invoice has been issued.

You can easily and simply meet your obligation to provide real-time online invoice information using the **VAToDo** software of BDO.

FAST.

The implementation of the software provides quick support in developing your invoice data reporting process. Our experts are happy to assist our Clients in all phases of software implementation and use, ensuring efficiency and legal compliance.

AUTOMATED.

The invoice data arranged in accordance with the legal regulations is automatically uploaded to the Tax Authority system and the unique identifiers generated by the authority are also assigned to the invoices. With us, you can avoid extra administrative burdens.

SAFE.

We guarantee the maximum security of your tax and administrative data. Your company will comply with all legal requirements with the **VAToDo** software!
